How to demo the Galaxy Tab S12 to Customers

Transform

Nothing beats a desktop experience and DeX mode has that covered on the Tab S12. Launch in window view, resize, customise and drag and drop all from your tab!

Boosting productivity with Galaxy AI[10] is a breeze, with Note Assist[11], rework your current note into a fully formatted document, ready to share.

How to demo

Swipe down to open the Quick Panel > Tap to launch Dex mode.

AI (Galaxy AI)

Work alongside your favourite assistant Gemini, to get work done quicker. Launch Gemini and ask away! With Multi Window, Gemini[3] can remain in view at all times.

Use Circle to Search[9] to search what you see. With a long press of the home button, you can quickly search and translate what's on your screen!

How to demo

Open the Gemini app > press and hold the multitasking and drag Gemini[3] to the edge of the screen to use in Split View

Boost Creativity

Bring art and creativity to life with the included S Pen. Create a masterpiece with Pen Up!

Watch the Tab S12 display bright and vibrant colours on a big screen, with a quad speaker system, all in the thinnest form factor yet!

How to demo

Open PENUP > Use the S Pen to draw an simple image
